

SOUTHEAST THERMAL SYSTEMS

Inline Heating Application Form

Materials Heated:

- Air ____ Saturated ____%
- Gasses Type _____
- Liquids Type _____

Process:

- SCFM _____ GPM _____ Lbs./hour _____
- PSI _____
- Allowable Back Pressure _____ PSI
- Single Pass ____ Recirculating ____
- Inlet Temperature _____
- Outlet Temperature _____
- Inlet Size: _____
- Outlet Size: _____

Area Classification:

- Safe ____ Waterproof ____ Explosionproof ____
- NEMA Rating ____ Class ____ Div. ____
- Indoor ____ Outdoor ____
- Ambient Temperature _____

Available Power Supply:

- Voltage _____ Other _____
- Circuit: 1 Phase 3-Phase
 Delta WYE

Piping/Tube Size:

See control panel specification sheet for quoting.
